818 Bessemer Building, Pittsburgh, Pa.

EARLY BRICK CORNICES

Pittsburgh, Allegheny County, Pennsylvania

Owners Not recorded in any case.

Datss of Erection Between 1840 and 1860.

Architects Not known.

Builders Not known.

Present Condition Fair to good.

Materials Brick.

Other Existing Records None.

Additional Data: These cornices recorded as being of some architectural interest, and illustrating a few of the various methods prevailing at the early period indicated above, of utilizing such simple elements as standard size brick to form an important architectural feature of small buildings, mainly residential. Wood or other materials used in connection with these cornices have not been recorded, since in practically all cases same is not contemporary with the brick work.
